

WEB

Where Everybody Belongs

WEB is a middle school orientation and transition program that welcomes 6th graders to AMS and makes them feel comfortable throughout the first year of their middle school experience. Built on the belief that students can help students succeed, the program trains selected 8th grade students to be WEB leaders. As positive role models, WEB leaders are mentors and student leaders who guide the sixth graders to discover what it takes to be successful during the transition to middle school and help facilitate sixth grade success.

The goal of WEB is to provide a structure in which students make real connections with each other thus increasing school safety and reducing incidence of bullying. Through this program, students learn that people at school care about them and their success. WEB is the middle school transition program that will increase student achievement, enhance character development efforts and create an anti-bullying environment at AMS.
